More aid delivered into Gaza on first day of humanitarian pause

24 Nov 2023

During the humanitarian pause that has been in place since this morning, the UN was able to scale up the delivery of humanitarian assistance into and across Gaza.

200 trucks were dispatched from Nitzana to the Rafah crossing.

137 trucks of goods were offloaded by the UNRWA reception point in Gaza making it the biggest humanitarian convoy received since October 7.

129,000 litres of fuel and four trucks of gas also crossed into Gaza.

21 critical patients were evacuated in a large-scale medical operation from the north of Gaza.

Hundreds of thousands of people were assisted with food, water, medical supplies and other essential humanitarian items.

The UN welcomes the release of 24 hostages held in Gaza since October 7 and renews its call for the immediate and unconditional release of all hostages.

Humanitarian teams from the UN and partners will continue to ramp up humanitarian operations to meet the needs of people throughout Gaza in the coming days.
