

Statement by the Humanitarian Coordinator, Mr. Muhannad Hadi, on the halt to the entry of humanitarian supplies into Gaza

10 Mar 2025

The entry of humanitarian assistance into Gaza has been halted for nine consecutive days.

Humanitarian aid in Gaza is a lifeline for over two million Palestinians who have endured unimaginable conditions for many months. A sustained supply of aid is indispensable to their survival.

International humanitarian law is clear: civilians' essential needs must be met, including through the unimpeded entry and distribution of humanitarian assistance.

The entry of lifesaving aid must resume immediately. Any further delays will further reverse any progress we have managed to achieve during the ceasefire.

The ceasefire must hold. The parties must fulfill their obligations under international law. Hostages must be released. Humanitarian assistance must be allowed in.
